“ I hope to see you again some day in a place where there is no heart ache and pain ,where all ones needs are met and all wants satisfied.You loved me unconditionally and without perimeters as only a maternal mother does,placing at times my welfare before yours.Without your love Annie I would have never made it in life.Your priceless gift of love is a reason to have self esteem and hope.You will live in my thoughts as well as in my Heart forever. Michael Wolford your son

“ I always enjoyed working with Mrs. Wyllie at Alexandria Hospital. She took very good care of all the babies, always did a good job, and had a positive attitude. It was tough working night shift but she never complained. She was a kind ,goodhearted lady who I will always remember.

“ Although it has been over 25 years since I last saw Mrs. Wyllie, I have never forgotten her beautiful smile and the twinkle she always had in her eyes. Her passion and dedication to her faith left a lasting impact on my life, making her such a hero to me. She didn't compromise or take an easier road, no matter what the cost to her. So many people don't have that quiet strength. I thought then and still do that she was am absolutely amazing woman and mother. She will live in the hearts of all those she touched.

“ Having spent most of my adult life in the military, I never really had neighbors that I got to know very well, except one Calif. assignment; that changed when I moved to 4531 Eaton Pl. Ann and Dave could not have been more gracious and neighborly and over time I became her adopted son, having spent many a night at her and Dave's dinner table and out on the back deck. She also adopted my dog's Max and Gurty. I was always struck by the fact that she looked and acted 20 yrs younger than her actual age; I attributed that to her old New England stock. It was an honor to be her adopted son and it is hard to believe that she has left us; but I am certain she will be well treated upstairs, because she certainly took care of everyone else down here. She will be dearly missed by all who knew her.

“ I have fond memories of Mrs. Wyllie. As a student in the School of Cosmetology at Edison High School, she would always allow me to cut and perm her hair. The curlier the better as she always said. I lost my mother 2 years ago November 9th. I took care of her till she took her last breath. I share in your loss and pain. Rest assured, she is with our Lord Savior Jesus Christ who has prepared a place for her. She is in her new body and singing glory to the one and only King. Also, she will be with the son Phillip, she lost many years ago and he is waiting for her at the Golden Gates along with other loved ones to welcome her home. My condolences to you all for your loss, Cathy, Karen, Laura, Cliff and Dave. In Christ Love, Maggie Meadows-McCathern
