“ I just learned of your passing yesterday and I wanted you and your family to know that I never stopped loving you over the years.I 'am so sorry for them because I know how loving and caring you were.to them and they will miss you terribly. Over the years we both went our separate ways but you have always been in my heart and I remember all the times you were there for me. Your family was blessed to have you in their lives.You and Billy have loved each other for so long and I know you are watching down from heaven to make sure they are okay.Iwill always love you and think of the times we had growing up together and taking care of you and Janice when you were younger.I have good memories of our childhood. Sorry we drifted apart but I guess that goes along with just living.You will always be in my heart.Until I see you up there.
Your sister,
Shirley
