Ms. Theresa D. Healey, age 64, passed away peacefully in her home on March 12, 2020.

Ms. Healey was born 23 July 1955 at Yokohama Air Base, Japan where her father the late Harold E. Bonner was assigned. Theresa graduated from Johnson High School in Tokyo, Japan. After High School, she attended the University of Texas, Austin. She earned her degree in Business Administration/Marketing in 1978. Upon graduation, she joined PanAm Airlines in 1979 and began a long career as a flight attendant. When PanAm folded, Theresa started working for United Airlines. During her 36 year career, she was based out of Honolulu, Hawaii and Dulles International in Virginia. Theresa earned numerous commendations from United Airlines and retired in September 2015. She liked to keep busy so after retirement she joined the Wine Department at our local Wegmans Food Market.

Theresa loved her family and friends. She was a devoted and caring person to all of them. Almost thirty years ago she helped establish a Bunko group. Every second Thursday of the month she looked forward to spending time with her Bunko Buddies. Her love for Country Music led to her to become a supporting member of Wolftrap Park for the Performing Arts. She attended many concerts there each summer.

“ I will really miss Knowing that Theresa was there to chat and catch up with, we could go long periods then make contact like no time had passed. We had fun times in Japan as teenagers dancing at the teen club and being on the same cheerleading team. She had a great sense of humor and a sharp mind. Rest In Peace my friend.

“ I remember Theresa from Johnson High School in Japan, where she was a cheerleader and a campus leader in many other senses. Always kind, smart and beautiful. My deep condolences to her family and friends, such a untimely loss.
