“ It has been over 45 plus years Tim and I made a connection as cousins on our farm over a batch of newly born kitties. I discovered how well we both liked cats, Southern Rock music, American History and drawing. He sent me tokens with his letters..stamps he found interesting, photo booth photos of he and his friend being goofballs, detailed cartoon drawings of teachers, postcards and pins with slogans. Those were simple times and good memories. ~RIP Fred~

Condolences to the family,
Marilyn Volk

“ Heartfelt condolences to all of Tims' family. He left us way too soon.

Over the last 35 years and more, Tim was a brother and friend to me. I am very deeply saddened that there will be no more baseball games to go to with him, that we won't be able to listen to Little Feat or ZZ Top one last time, or talk about our friends and family who had already passed on. We spent a lot of time trying to figure out why those we cared for had to leave us - often too soon - and perhaps over time we both managed to understand a few things about life, and probably became more confused about other things. I was always grateful that he was willing to listen to me, and that he let me listen to him about such things. That said, I will never forget Fred, and I am very, very grateful that he was a part of my life, and that I got to be a part of his.

I hope that in time, the sadness and grief Tim's family and friends all feel at his loss will ease and eventually be replaced by the many great memories he gave us. Rest easy now, Fred. I'm sure Tom and Stinger have already met up with you and you're all having a grand time again.
