“ *Just heard the news of Aileen's passing. I and my whole family are extremely saddened by this news. Aileen was my sister Sandy's oldest friend, meeting when they were 5 years old and was there from when I was a baby. She rode her bike every year in a competition honoring Sandy's memory. She and my Aunt Annie were buddies and I think they practically talked every day until my aunt passed away. Aileen was always VERY close with our family and we all feel this tremendous loss of a person that had so much love to give. My condolences to the whole family. With love, Nancy Shorr Axelrod*

“ Aileen for years belonged to our 'angel' group here in Dayton. The last time I saw her was when she was going to sell her condo and move. She was always so supporting and encouraging to me. Her memory will be a blessing to me.

“ I just heard this terrible news and my heart is broken for Aileen's family. I have been a patient of Aileen's for over 2.5 years. Her caring spirit, sense of humor and loving nature saved me in ways I could never begin to describe. She truly changed my life and I am forever indebted and grateful to her. I am so sad that I will not get to sit across from her anymore and hear her wise, reassuring and comforting words. Please know she, as well as your whole family, are in my most sincere thoughts and prayers during this heartbreaking time. I'll always always be grateful for you, Aileen.

“ Sincere sympathy to Aileen's family. She was a delightful and caring person and will be missed by many. We were high school classmates, and she shared lunch with me and other classmates for several years before moving to Virginia, so, her passing has really been a shock. May the peace of God comfort you, Sharon Crider Raflik

“ Aileen was a true seeker of all knowledge. She shared everything she learned from her own experiences and her heart. I am going to miss her so much. No-one else could make me laugh and cry at the same time. She was one of the most honest people I have known. I have admired her spunk and courage and sass. I am sorry for her loss. She loved her family and was so happy to be a grandmother. I'm glad the boys had her for the time they did. My condolences to you all.

“ *I have known Aileen for many years. I helped her to move out of her condo and she stayed with me for awhile until she could move out of state. She was always very supportive and encouraging to me as a friend and as a co-worker. She inspired me to complete my book and helped promote it whenever possible. She made a significant difference in my life. Pat Acker*
