“ *To Amy's family - my deepest sympathy and condolences. For several years I served with Amy in the small group ministry at MBC. I was challenged and encouraged by her faith and passion for Christ. Her life made a difference for so many people. I will be praying for you in the days and weeks to come.*

“ *I feel truly privileged to have known Amy. I was a member of her small group when I lived in Germantown, MD. The times we shared together as women talking, hanging out, going to the Outer Banks, praying together, and sharing life together are some of the most treasured memories I will have in my lifetime. Knowing Amy meant knowing the heart of Jesus better. She was an amazing woman with an energetic spirit and a compassionate heart. My thoughts and prayers are with your family during this time.*
