“ *What a loss. He was a great person and a great friend. I knew Ardin from work but I also knew him from doing theatre with him. As I would go on stage he was always there in the wings to cheer me on. He was always a great person to talk to. He was a very positive person and very supportive of me and others. I will miss him dearly.*

“ My deepest sympathies. Ardin hired and mentored me as an Examiner with the USPTO. He was a very good mentor, smart and funny - mostly I recall several life lesson stories he told me during our time working together. One was about being more forgiving of people and the other was about staying calm and getting things done even in the face of personal tragedy. He will be greatly missed.

“ I grew up with his daughter, Kaldin. I have fond memories of Ardin at their house, playing the piano and just having a great time in general. I wish the best for his family and strength in their time of need.
