“ *My deepest sympathy to Shelly and family. Arleen was a true and loyal friend who loved people, the outdoors, travel and bird-watching. She had a passion for helping people in need as she led various groups and volunteered her services. I always enjoyed meeting Arleen for lunch where we had a chance to catch up with happenings in our lives and shared pictures of travel adventures. In spite of Arleen's health problems, she was always optimistic and ended our meetings with a smile and a hug. Rest in peace, Arleen, I will miss you.*
