“ *Bettie was an incredible lady who always seemed to remember every important detail about everyone. She was a model servant to everyone because she cared. She would call and send a card when you are sick, she would send a card with a note of encouragement and call when you were burdened with concerns, she would send a note even if she only knew you through someone else, and she would prepare 7-day baskets if you were hospitalized. She seemed to be incredibly organized because she cared so deeply about people. Along with these material gifts, she would pray for everyone that had a concern. She loved her Lord. Thank you for your legacy of care that we will try to follow.*
