I'm surely going to miss you. You came to visit me in Frederick and I loved every minute. Although you got soaked running to the house, your smile and great conversations made it worth wild. Love you

“ From neighbor to friend, I watched you raise your children with laughter, strength and love, and over the years you always faced life with a happy heart. You will be missed by all who knew you. Your upbeat attitude was always a joy. May your family know you are as close as a prayer and you will always be a presence in the lives of both your family and your friends.
