“ *One of my favorite memories with my grandma would have to be all the times we were able to share a meal together just us two going all the way back to before elementary school & no matter what day of the week it was she would always either cook or get just us a meal always looking out for us when no one else did & I could not have asked for anything better but I just wish I appreciated the time we had together more. Thank you for everything abuela I'll miss you & love you always. - Juan Alberto Campos*
