“ *I only knew Brenda through the School Health Advisory Committee for the last several years. Having said that, I was always impressed by her knowledge, wisdom, articulate speech and thoughtful consideration of issues. I am sorry I did not know her better but I consider my short contact a gift to my learning and the children of Fairfax County.*

“ *I met Brenda in 1986 at work and she was my idol every since. She had such passion for her work and truly believed that our work would make a difference. It did thanks to this wonderful, strong, and committed individual who truly believed and cared. I will truly miss her. Linda Embrey, co-worker, National School Boards Association*

“ Lee: Brenda and I worked together for over 28 years. What I'll always remember about her was her great passion for education and the work of NSBA. She will always be a valued colleague and friend.

“ Brenda was one of the very first warm and friendly faces that I met at NSBA so many years ago. She was a lovely woman and I will miss her terribly. My heart is broken for her family.

“ Dear Lee and family, Having retired to Oregon four years ago, I have lost track of many of the folks from NSBA. I was shocked and saddened to hear of Brenda's death. I will always remember her sharp wit, her sense of justice -- and the fact that she loved liver! Know that you are in my prayers.
