“ Meeting my Dad for the first time about 7 years ago, is truly one of the most incredible memories I will ever keep in my heart and soul. And my brother was the driving force behind that, and I am forever thankful. My Dad and I have had awesome conversations. He gave me alot emotionally in a very short amount of time. I am extremely sad, though I know he is not in any pain now and starting a new part in life in an even better place. And, I will still talk to him.....
