Hey Don! You were a brutal landlord and fearsome! I can't tell you all the ways I kept my pet geese from your sight! But you were always a good guy and I always knew it deep down. Hope you're having fun.

“ *A remarkable guy will be sorely missed. Years ago, Don tutored one of our sons; working with him on a science project It was an experience of which we have fond memories. The family is very much in our thoughts especially at this time. We are sorry for their loss.*
