“ *Although I knew you for such a short time, I could tell that you were a man that had lived a full life. With a gentle smile and kind eyes, you welcomed me into your home during a difficult time. It was a pleasure to have known you and your family. You were truly blessed to be surrounded by so many that loved you and wanted the best for you. My thoughts and prays are with those you have left behind. May they find comfort in the timeless moments that you shared together.*

“ *Grampsy wampsy, you will forever be in my heart. I would give anything to see your big smile and baby blue eyes. Thank you so much for being the best Great Grandfather to Grady, he misses you too. I always thought as you as my grandfather and you always treated me like your own. Thank you for everything over the last 18 years but mostly, thank you for being you! I love you and miss you and will see you again.*  
*All my love,*
