“ *I met Ellen years ago at GW Mindfulness group for breast cancer survivors. Shortly after, she learned that she had another cancer. I saw her several times during the next years - we got free massages, met at conferences. We hugged, she always looked fabulous and had a great attitude. She was an excellent example of a survivor who made the most of life. I thought of her often. May she rest in peace.*

“ Ellen was a delightful person and someone who made an impact in every life she touched. She was dedicated to her family and to the causes she championed like a cure for breast cancer. Bruce and I will dearly miss her in the neighborhood. Our thoughts are with Jeff and Jake.
