“ *You have a wonderful web site, and all your dogs are so very beautiful. I particularly enjoyed your article about Being an individual , our lovely girl, Penny is nine months old and so nervous of everything, people ask me if she was a rescue dog, despite the fact that we have spent a lot of time socialising her from 8 weeks old. It's hard when you know she is so great and other people see her as having problems . Your words have made me see Penny's issues in a completely different light, because it is just her nature', and we love her so dearly regardless. My husband and I are considering another puppy, but are thinking in the future when Penny is older, and despite the distance, would certainly love one of your puppies, if accepted. I love all things labrador, but your site and knowledge is a cut above. Thanks so much. I also read your tribute to your Jade, which made me shed yet more tears for our old girl who died last July, it was very moving.*
