“ *Frank's my friend. I'm heartbroken to read this. We worked together on two occasions. The first he was my finance manager when I was a salesman at Darcars in the late 80's. Later we managed a store in Laurel together. If it's true that we live on in a way as long as someone remembers us then Frank will live as long as I do because I'll never forget the times we had or how I feel today.*

“ Frank had a warmth and charm that endeared him to people for years.
Friends, co-workers, customers and even his health professional charged with his care.
He was highly regarded in his profession and that reputation he enjoyed for three decades. My friendship endured almost that long as did many of his friendships.
He engendered loyalty in all dealings, professional and personal. Years later people would remember with affection buying a car from Frank. His specialty was second chance credit and bank and dealerships loved him for that. He injected humor and warmth in all his personal and professional dealings.
He was fun to be around and was a fabulous dinner partner. He could converse on any topic and he was well read especially on politics, economics and foreign affairs. He loved to learn and was a ferocious reader. His tablet had 200 books saved he had read.
He always dressed to the nines even around his apartment complex. It mattered his persona to the public . He considered it a public service to look his very best.
Frank lived life to the fullest.

“ Of my friend Frank Santone, I loved him like he was family. My heart is breaking so and my world will never be the same again. Frank and I were the best of friends and he was a very important part of my life since the day I met him back in 1997. We developed such a tight friendship over the years. There is nothing in the world I wouldn't have done for him & vise-a-versa. Frank took a lot after his wonderful mother Ms. Evelyn, by his kindness and generosity he showed everybody that he came in contact with. My only regret Frankie, is I wasn't there for you during those last hours, but I think after all the pain I have experienced with having lost so many dear friends recently to this "HORRIBLE" disease, I think God wanted to spare me the pain of having to watch yet another person that I cared so dearly about expire from this dreaded disease. My biggest prayer is that I live long enough to see this disease forever wiped away from our planet and nobody will ever die from Cancer ever again. You rest in peace my dear friend, and my prayers go to your family that loved and will miss you as much as I will! Love Michael!

“ Frank was more than a co-worker to me he was a true friend who always looked out for his friends. Yes, he will b missed. Anyone who truly knew him wouldn't cry over his absences here on earth, because we no he's in such a beautiful place where he don't have to cry out he's in pain or feel like he's bothering other's because he's going thru this. Frank in his last days I was there and just being by his side made me feel more of a human so deep inside and the love of take care of someone who isn't related to me but who is truly a **RESPECTFUL HUMBLE HARD WORKING FAMILY MAN.**
We Love You
RIP
