“ *Hector born on June 24th 1931, passed away June 27th 2018 peacefully at his home surrounded by his loved ones. He spent the past two years valiantly fighting (most of the time winning) over health issues, his battle now over his resilience now welcomes him unto the embrace of our heavenly father. He lived a life filled with travel, music, faith, family... a life surrounded by faith and love. He will always live forever in our hearts.*
