“ I didn't learn of Dr. Heit's passing until now. I was a patient from 2004 until he closed his practice when Judy died. I've looked him up a couple of times over the years in hopes that he would reopen. He was the best pain management doctor I've ever had and I am sorry for the loss to his family, friends and the medical community.

“ Howard and I worked together for nearly 30 years. It was my pleasure and good fortune to have met him. A better friend would be impossible to find.

“ Howard: I will miss you!! Your innovation, kindness, passion and humor have been unwavering. We shared similar values and mission, with each of us spurring on the other. Despite physical adversity, you have been my guiding light. May you and Judy now be reunited. Your spirit will live on...

“ I always enjoyed my conversations with Howard at ASAM meetings and he was smart, insightful and full of warmth! He made a difference in so many lives of the patients he cared for and the physicians and other providers he taught/mentored. May his memory be for a blessing.

“ Sorry that I could not attend the funeral but Sherry and I are truly sad over Howard's passing but take some consolation in that Howard and Judy are spiritually reunited .Howard was my pal for over 50 years and even though I lived in Michigan we saw each other often including many NCAA Final Four games all over the country. Unfortunately the world has lost a truly great person, Abe and Sherry Singer

There are not enough words to thank Doctors Heit and Shenk for their expertise in saving my husband's life, Charles Olwell, from severe Crohn's disease. That was January 1984, and Chuck has been doing quite well ever since. Obviously, Dr. Heit will always hold a special place in our hearts.
