“ *For many holidays Inez would share Christmas brunch with us if we were not traveling to family. The Ryderwood family would come join us. We have several photos of Inez and David. She taught me American Mah Jong, even though my play was the old Air Force style, which she always anticipated my hands. I learned so many life lessons and values from her. Patience, assertiveness, and farewells were just some. She was my telephone link to sanity during these difficult times. Her door was always open and her heart was encompassing. I will cherish all the special moments we had together.*

“ *I think that Linda spoke for all of us at Falcons Landing. We became very close friends, who enjoyed working and socializing together. Her wonderful ideas helped make our holidays special. Inez was generous with both her time and her friendship. Her loss will be deeply felt by us all. May her memory be a blessing.*

“ *To the family,
This is a terrible loss to so many. Inez perhaps was old in years, but she was young and vibrant in so many ways. Inez was the glue that established and kept our small Falcons Landing Jewish Community active. I learned so much about my faith from her. She shared her temple, virtually, with us. She shared her stories about her wonderful and interesting family with us. Most of all, she shared her warm friendships with all of us. She is and will be missed.*
