“ To Jeff's family: Sorry to hear about Jeff's passing. He was truly one of the good guys. Was sorry when he left Boca Raton and thought about him a lot and still do. He could always bring a smile to your face.....I was a road Lt. when he first came to Boca and he represented everything positive you would want of a street cop.....compassion, caring and understanding no matter someones social standing and most of all standing up for the right thing. Jeff....thank you for being part of my life. You made me a better person.
