“ *I was fortunate to have spent a number of years working with John. His enthusiasm and love of sports was contagious. We always knew when the seasons started and finished in Baseball, Football and Hockey. It was fun making our picks and listening to each others opinions in a particular sport. He remained a good friend even after I retired. Heartfelt sympathy to the family in your loss. Family was everything to John. He will surely be missed.... Linda*

“ *I'm grateful for the Sunday summer afternoons that I've shared with Jack and John over the years. Real baseball fans learn to live with loss all the time , because we know there will always be a bounce back. But not this time; everything has changed. Where I used to go to the Park hoping for a win and checking the sky for clouds now I will be hoping that healing and peace are at work in Jack's family, and I will be sending a smile to the heavens for John. I am so sorry for this loss. —Mary Murphy*

“ I'm so sorry for your family's loss. I personally know the unexpected loss of a loved one, and the pain can seem overwhelming. Please take comfort in the Bible's promise for the future (Acts 24:15)

“ John was a gentle caring person. I went to high school with him and was his roommate at Ferrum College for three years. We didn't stay in touch over the years as much as we should have . He loved his sports teams and the loyalty and glory they brought. We used to drive 15 miles into Rocky Mount VA to watch the Capitals Hockey at the Pizza Inn. They were the only place That had a satellite dish in the county at that time.. We had great times at Ferrum College. Glad he got to see them win a Cup . He is now with the glory of the Lord. Rest well friend. Matt Pelino
