“ *Our family will miss Mr. John's smiling face at the end of each day as he helped our son, Joshua, off of the bus. We always enjoyed his humor and great attitude. He always joked that our son insisted on jumping off of the last bus step as he arrived home and I think of John every time my son jumps off of that step:) Your family has been in my prayers throughout these past few months as John has been sick. His bus partner, Betty, kept us updated on how he was doing. You will all continue to be in our prayers as you grieve his passing. He will be missed by many!!*

“ *"Mr. John" was the bus attendant for my daughter Juliet. He was a very important part of our lives every day and he had what we feel was a most important job. He made sure that the children, including Juliet were safe each and every day. He also made the trip more fun for everyone with his mischevious personality. He was quite a joker and always had something funny to say. We often had the opportunity to visit a little when he and Betty dropped Juliet off so we got to know him. Juliet very rarely misbehaved on the bus with Betty and John! We have often thought of him and wondered what he has been up to. We are sad to know that he has passed on but also feel sure that he is in a better place and we hope he is having as much fun as he seemed to have here on earth when we knew him. We send our sincere condolences and we will keep a special place in our hearts for "Mr. John". The Walley Family.*
