“ Thank you for being a part of my life and those of my familys as well. You blessed us with a wonderful baby girl, who grew up to be an amazing woman. who in turn , blessed the world with 2 perfect soul's. And those souls will go on to do great wonder us things while making a difference in life & all those around them. As their children will do the same. And none of these things would have been possible without you, and the time you blessed us with here on earth. As a mother I am so grateful to say that you did not leave this world in vein, your actions made the greatest mark of all, you left behind legends that will grow like that of an ocean along the sand. For all time and eternity, from this world to next, a part of you will always be with us, and will carry on the same. Thank you.
