“ *To the family and friends of Kay Guessford.*

Kay was like family to me almost like a Mom at times more than a boss and best friend. She impacted my life in ways that no one will ever understand. Kay was one of the greatest influences in my life that helped me become the man I am today. She was a guardian angel to me for years while living and now that the Lord has called her home I know that she will be my guardian angel and watch over me. She was honest, hard working and caring. Her love knows no bounds. I had the privilege to call her my friend and watch her children grow up. More importantly she called me her friend I am so blessed. Kay and I meant while working at Southern Management Corporation and spent many years together. She knew how to get the best out of her employees and treated everyone with respect and never judged a book by it's cover. She was fair and straight forward. I am truly saddened to hear of her passing. God Bless her family my heart his with you!
