“ I am so sorry to hear of Larry's passing. He was always a true gentleman with a passion for his family and his profession of periodontics. He never lost his quest for learning as he would attend Maimonides Dental Society meetings even after retirement. It was a pleasure sharing office space with him as well. He and his gentle disposition will be missed.

“ *When I first went to Georgetown back in 1981, Larry took me under his wing and helped me learn head and neck anatomy. He was one of the greats. All the students loved him and the faculty treasured him. He will be remembered.*
