“ *My deepest sympathy to Keith and her family. I used to work with Lori and she changed so many lives as a vision therapist. I remember her fondly and all the barn parties full of delicious food and laughter. RIP Lori.*

“ Though I wish Lori was still with us, I know she is an Angel watching over us. I have known Lori and Keith for many years and shared many great times at the farm, country line dancing at Nick's, drinking Guinness together and enjoying your Woodford home. Our memories always involved laughter, great food, family, shared tears and conversations of kids. Our loss is a great one. I will always remember Lori sending me dog rescue photos from Petfinder. Lori made a tremendous difference in many lives on this earth and not many people can say that. I will miss our conversations and the times we spent together. She will always be in my heart forever. I am glad Lori will be keeping watch over us. Kick butt on your next adventure. Until we see each other again and share another Guinness.

Love you,

“ *Dear sweet Lori, we will miss you so much. The funny stories should be made into a book, I remember you calling me one day to let me know the goats were in your living room and Clifford, the pig, was in your house too, he wouldn't move!! But you loved your animals so much, that you couldn't stay upset at them. You and Keith were a perfect match and full of so much fun. I love you Lori, may you rest in peace in Heaven with our Father and all the loved ones that passed before you. Love, Jeff and Ruthie Seidl*
