“ *I am so sad to hear of Lori's passing, and I will pray for all the family and friends who mourn her passing to eternal life. My husband met Lori and her mom when we moved into a home on their street. They were so welcoming as they sat together on the front stoop. My son would always tell me when it was "Our neighbor" driving his school bus - and he'd say it with a big smile of his face, and I knew that Lori made him feel safe. May Lori's memory be eternal, and may you all find peace as you learn to feel her presence in a new way. Much love, Tricia Pietravalle & family*

“ Lori-- my dear RIP! Taken away way to soon. Lori was such a thoughtful person. I remember the first day I met her when I became her boss in special ed. She had to come in and see me because she had done something nice for a co-worker and they took advantage of her generosity. She was quite nervous but she WAS LORI! lol. She was always thinking about me and I have a library of country music compliments of her. Weekly she would purchase CD's and she never failed to make a copy for me. She would walk in and say got another one for you. She would find me no matter where I was.

God bless her family and I'm sending prayers your way to help you heal during this time.

Now she can hook up with Hey Zuess and pay him back for the night she ended up on my couch!!

You will be missed!! RIP

“ I'll always remember how you always saw the bright side no matter what the circumstances. If something sounded like a negative you always knew how to put a positive spin on it, which we all needed to hear. I have many fond memories of us hanging out on Friday and Saturday nights. You are now pain-free and living life to the fullest! We will miss you bunches here but we are comforted knowing that one day we'll meet again; until that day comes, cheers my beautiful friend.....Jenn Heiserman

“ I am so sorry for your loss.  
Lori was a beautiful woman both inside and out. Her smile would light up a room. If you were feeling down she could always get you to laugh. When ever she would see my daughter, Janice, she would always say, Hello trouble, how are you. Janice talks about that all the time. No more pain Lori. You have your wings now, fly high my beautiful friend. I will miss you. Love you.

“ Lori was such a funny girl. I was honored to work with her, as Bus driver supervisors @ Lake Braddock Secondary school. She always kept me laughing. I can remember one time, in particular, when we were having lunch (in her bus) at the Fire Station in Burke. When we were trapped in the bus, by a couple of Very Angry Geese. They were standing at the entrance door, just screeching at us. We couldn't get out! She kept laughing. I was very nervous. She forgot to tell me to save some of my lunch for them. She fed them every day. We called over the bus radio for "Back-up," telling the dispatcher we were in danger, please send food! We also sent, by e-mail, a picture of the geese! The dispatcher couldn't control herself, laughing, hysterically, as she sent a floater, to assist! Oh Lori, I will miss you, and your love of country music. Playing over the external PA system. "We got married in a fevor, Hotter than a pepper sprout! Im goin to Jackson!"  
Love you, Lori, to Heaven, and back!
