“ She saved my life when she performed emergency surgery late one Friday night. I was sad when I heard she moved. I have always felt grateful to her. I just learned today that she has passed away. Love to her partner and family. She was a wonderful woman. I remember her beautiful smile.

“ Dr. Loewith cared for me and delivered my triplets in 2002. Becca was in the delivery room, too. Then she took care of me after my babies were born by being a friend. She, Becca, and Annie were with us one night so I could sleep. Later, my babies stayed overnight at their house a couple of times and Fiona and all the kids helped! Alie and Annie looked after my triplets when my nanny was gone for a week. We all visited after Dr. Loewith moved to Woodstock. I am so sorry that I did not continue to stay in touch more in recent years. She was always in my thoughts and prayers. I am so very sad she is gone and so thankful that I knew her. She played such an important role in my life and the lives of my children. They will always know how important she was to us. Love to you, Fiona, and to the kids. You are always welcome here.

“ Margaret was a friend and colleague for many years and while her moving to Woodstock was a blessing for that community, it was a severe loss for ours in Northern Virginia. She was a dedicated physician and generous mother to her children. We all morn the loss of her kind words and gentile touch. My prayers are with her family and my hope is that Margaret's spirit lives on in their lives.

“ Doctors are considered to be next to GOD.  
And for women, it&#226;€TMS considering their next life after pregnancy&#226;€&#166;&#226;€&#166;.  
On 7 Oct 2013...we lost one of the prestigious Dr. Margaret H. Loewith and for me it&#226;€TMS really very shocking and depressing because for me she was a motherly figure and just next to GOD, who did perform very skilled C-section on me and deliver my son.  
I wish to give my grief-stricken condolence to my motherly figure Dr. Margaret H. Loewith and today again it&#226;€TMS the same feeling when I lost my first mother because of Cancer and this time again my second motherly figure died because of the same deadly disease. She was under her cancer treatment, when I used to go for my treatment but no one could find that she was struggling with this deadly disease&#226;€&#166;..she was always very cheerful and centralize  
on her Doctor&#226;€TMS duties.  
I know some of my close friends had also lost their mother because of this deadly disease and I pray MAY GOD help us to find the CURE for this CANCER.  
GOD, please Rest the Soul of My Motherly Doctor in Peace.

“ *Dr. Loewith was a very special woman. My mother-in-law, Delphian Hall, was her very first surgery patient. The Hall family really thought a lot of Dr. Loewith. Our prayers are with the family.*
