“ *Aunt Olivia, Mark got his purest of hearts from his mother, you. I'll have to allow myself to believe this is why God also took you from this world all too early, now almost two years ago. There are many things I wish I had told both of you before our roads parted. The most important things I could have said is I love you, admire your strength and have always wished I could only be half as kind hearted and selfless as you two and Jennifer have always been. Your smiles, laughter and eyes that sparkled with life and anticipated adventure will always remain in my memory and heart. I love and miss you both in a deeper way than I ever thought possible. Please keep us in your memories as well until we're all together again. Enjoy everything you're doing together now and know our roads will eventually meet again.*

Love always,
Jessica

“ Marky Mark, I miss you sooooo much!!!! I wish I could just grab you and give you a huge bear hug! I think of you often and our awesome memories that we had made with each other. When I think of you and I get sad, I always try to put a big smile on my face bc I know that's what you want. I've had a few dreams and they all tell me that you're ok and happy. It helps me feel like youre telling me you're ok and to be happy just like you'd want. I still and always will wish that you were here to laugh with me and do silly crazy things together! But, as I've mentioned before (prayers an all) we will one day have all eternity to make up for it and them some. You will always be in my heart! I love and miss you forever! I did our special tribute night just as I plan to do until we meet again at the gates of heaven I love you cuz!!! Love always, Goof Troop

“ *Ecclesiastes 3:1-4 For everything there is a season, and a time for every matter under heaven: 2 a time to be born, and a time to die; a time to plant, and a time to pluck up what is planted; 3 a time to kill, and a time to heal; a time to break down, and a time to build up; 4 a time to weep, and a time to laugh; a time to mourn, and a time to dance. I love and miss you Marky Mark! Love, Goof Troop*

“ Dear Mark, One year ago I received the phone call that broke my heart. I look at your pictures and think about you every day. I miss your smile and your sense of humor. You were always there when I needed you. My father died when I was young and it took me about 8 years before I could respond to questions like, "what does you father do?" without tears in my eyes. I was a teenager then and thought I had a handle on dealing with death. Really I just shut down. I never went to another funeral or cried much when someone died. I just went on with my life. I though I understood that death could happen at any time. But, I never thought my beautiful boy would die before me. That you would be murdered. It is a cruel world. You, of all people, didn't deserve such a fate. You were a kind, loving, and down to earth person - better than me. I have never suffered such pain and anguish - a physical pain in my heart. If not for the kids, I don't know if I could have continued on. But, I am still here and there must be some reason for that. I have done a lot of thinking over the last year about what is important in life. I think about how lucky I was to have you. I thank God for that. I remember your smile. I can see you playing baseball, basketball, football and soccer, riding your bike , the four wheeler, working on your go cart, going to the gym. You never complained or talked about people. You were a good person - a perfect son - and my best friend. I love you and miss you so much. I have many wonderful memories of you. That is what I will think of. I will try to forgive him for taking your life. I have asked God to help me with that because it is not easy. But, I do believe that we must forgive others if we want to be forgiven ourselves. I love you Mark. You will forever live in my heart and in my memories, and I am grateful for the time that we had. I will see you again, "but, not yet." Love always, Mom

“ *My Dearest Mark, The loss of you is like a knife in my heart! I miss you terribly. We were so close mentally, and spiritually. You are in my thoughts and prayers constantly and will be forever. You truly were a gift from God, and I will always cherish the times we had together. I love you with all of my heart and soul, and I am sustained in knowing that you are with Jesus and Mary. Your loving Grandmother, Doris Griffin*

“ Marky, I already had missed you're smile and the sound of you're laughter because it had been too long since we'd seen each other. I will continue to miss those and all the wonderful things about you as memories of you cross my mind everyday for the rest of my life. I will always keep you close to my heart. When I picture you in my mind I see you on a wonderful place happy, with you're big smile beaming at me. I will always remember being little kids and watching you keep up with the older boys on the bball court. The money you won we would take to little Cesars Pizza and get lunch which you downed most of in minutes. I love you, miss you and always admired you cuz cuz.

“ Hello Mark, Remember when you called me the last time you came up to NH and asked me to get together , but I didn't have time ? Well I should have made time, because I really did want to see you ! I just thought I had more time, but you went back to Florida soon after, and I deeply regret it. Your Mom and Jennifer sent me pictures of you and I look at them and think about you every day, I can't stop, and am deeply saddened ! I wish In could just grab you and give you a big bear hug because I love you , the whole family loves you, and you deserved a lot better than what this world gave you. I'm sorry you had that injury to your foot, because you were such a talented, athletic, coordinated guy, you could have went anywhere in any sport , and you were also highly intelligent. I'm having a beer with you right now, we will be together again some day, and hopefully they have some beer were your at, so we can sit down and have another at that time! I love you Mark, and always will!
Love Jason

“ Uncle Mark, What I remember the most is that you were always respectful to me and to the people around us, always kind and considerate. You were thy type of man I would like to become because you always tried your best and were always happy no matter the situation. I love and miss you and always will.

“ Mark you jumped so many hurdles and cleared everyone of them in your life. You will always hold a part of my heart and I'm glad you were part of my life. You were a mixer of a son and a baby brother. I loved seeing you blush when I would tell you if I was only 25 years younger, the other girls wouldn't of had a chance. (Yeah I can see you smiling now.) You were a good kid and will be missed dearly. You will make the perfect angel !!!! Take good care of him Lord. God Bless - Vicki and Ken

“ My Dearest Mark, I loved you with all my heart since the day you were born. You were the sweetest little boy a mother could ever ask for. You were a natural born athlete and I was so proud watching you play sports. I felt so bad for you when you had the accident and could not continue. You had to overcome a lot in your short life, but, you always had a pure heart. I believe that is why God took you from this world. I am so proud of the man you became. You touched peopleâ€TMs hearts and they were better for knowing you. I am sorry that I wasnâ€Tmt able to do more for you because you deserved the very best. I will think of you and miss you every day of my life. And I thank you so much for everything you did for me. Love always, Mom

“ *Mark, May God bless you and welcome you into Heaven. You were a light of Joy to all who met you especially me and my family. I know you loved Victoria unconditionally and wanted only the best for her. Thank you for the love you shared with her and all of us. You were like a son to me and I miss you with all my heart. We are told that God works all things for good even though we cannot understand his intention in a time of loss. I live in the faith that He has a glorious plan for you. I will always cherish your memory and that infectious smile. May God bless and keep you. Love eternal, John*
