

## Mary Edna Rees

May 28, 1945 - August 22, 2014

Mary E. Rees, 69, of Alexandria VA died August 22, 2014 at Fairfax Inova hospital. Her long time partner Terry Nagy, and her sisters Fran and Jean were at her side.

Mary was born May 28, 1945 in Pottsville, PA, the second of seven children of the late Francis and Anna May Super Rees. She graduated in 1963 from Nativity BVM High School in Pottsville and later received a Bachelors Degree in computer science from George Mason University, Fairfax, VA.

Until retiring in 2001, she was employed by the U.S. Department of State as a manager in the computer science arena, which provided her with many interesting challenges, including traveling to and living at embassies worldwide. After retirement, she and Terry started a computer business, where they developed a loyal following among laypeople and nerds alike.

Mary had an irrepressible personality, a quick wit, a gift for outrageous story telling and a zest for life. If you met her, you would remember her forever. She had a generosity of spirit and a deep love of family and friends.

After being diagnosed with pulmonary hypertension in 2009, Mary began a long and furious battle against the disease. Despite her many challenges, she was determined to live every day to the fullest. Her struggle was an

inspiration. Just two weeks before she passed, she enjoyed her annual vacation in Myrtle Beach with her sisters and her "southern" relatives, where the super organized Mary oversaw the exchange of contact information for a burgeoning family.

In addition to her parents, Mary was preceded in death by her brother James W. Rees and her sister Barbara R. Rees.

Mary is survived by her partner Terry Nagy, Alexandria VA and four sisters, Frances and her husband Richard Maurer, Severna Park, MD, Margaret Rees from Haddonfield, NJ, Jean Rees from Alexandria VA, and Joan and her husband Dr Steven Katz of Lock Haven, PA plus five nieces Jennifer, Amy, Kate, Julie, Emily and an aunt Sylvia Rees of Boynton Beach FL.

Services are private. In lieu of flowers, memorial contributions can be made to any one of Mary's favorite charities: the Whitman-Walker Clinic, the Special Olympics of Virginia or the ASPCA.

Mary will be missed but will live on in our hearts.

“ *I had the pleasure of working with Mary from Nov 1990 till she retired. Mary’s stories about her travels were legendary. The job came first with Mary and she always insulated her staff from the politics and general B.S. You always knew where you stood with Mary. RIP Mary Rees.*

“ Although I lost touch with Mary over the years, I grew up with her and all her siblings. IN our 20's, I remember being home and sitting around the Rees Kitchen table in Pottsville, Listening to tales of Mary's travels in the Middle East. Hard to believe now, but that was the first time I heard any one say "Incha Allah" The stories would go on far into the night with MANY shared laughs. I spent SO MANY hours of my life hanging out there as we all grew up. I was the first to leave the area, but I believe MArY (to the Mldeast) and her brother Jimmy and my brother Billy ( to Viet Nam) were the ones who traveled the farthest. Life has taken all of us in different directions but the Memories of hanging out at the Rees' are an integral part of my growing up with many FOND Memories. I am SO SORRY for your loss of another sister so soon, as well as Jimmy some years ago. I will be thinking of all of you --Far, Peggy, Jean and Joan--at this dificult time. Hopefully the memories of better times will prevail. I never met Terry, but also extend Sympathy to her in her loss.

“ I met Mary in Atlantic City at her favorite , AC restaurant, Max's steakhouse. I was the new host to her and Theresa. Well, my normal Irish blarney and seasoned schmooze had to be shed within the 1st paragraph of our parlay. She cut to the meat and potatoes and luckily for me, we were then able to enjoy a number of dinners with detailed discussions of her travels and colorful tales of international excitement, thereafter.. Perhaps she "saw' into me and found some goodness there after all...She was a Grand Lady who included her family in much of her stories and trips. I am sure where Mary is now, that her God "saw' the goodness inside her and she is at a painless and peaceful rest. Until we meet again...Paul McSorley

“ Mary was a good friend for over 20 years. We met at Department of State where we worked together and became friends. I remember she would have her coworkers in stitches when she put on various foreign accents. Back in the 80s my husband Jim and I hung out with Mary and had some fun times. Mary and I stayed in contact through the years. She was always there for me. I stayed with her and Terry for a month en route to moving out of state. Another time she and Terry rescued me when I was stranded in a DC airport after midnight. My deepest condolences to Terry and Mary's family. Mary - i will think of you often.

“ I worked with Mary for 8 years at the Department of State. I nicknamed her Mother Mary because she took care of her staff like a mother. She had a golden heart and I with truly miss her. I will keep you in my thoughts and prayers.

“ Mary was a former employee of mine at the State Department, and whom I also considered to be a friend. She always made her opinions known to me very specifically on many different Information Technology programming and systems analysis projects. She was very firm and detailed on whatever she was talking about, and she was usually right on the money. I appreciate very much the years we worked together, and sometimes I actually felt like Mary was my boss instead of the other way around! I am so sorry for her loss, but I know she lived life to the fullest at all times. Thank you, Mary, for allowing me to know you personally and professionally. Rest in peace.

“ Aunt Theresa, Mary was family to us and we miss her already. She could always make me laugh. I will forever hear her saying...well it's the "fictitious Sheila " . We love you and are praying for you constantly.

“ Sorry for your loss, and wish you the best in the difficult days and months ahead. I met Mary in the late 80s when she was bowling in Alexandria and, in addition to bowling, working in the computer science arena was a common bond.
