“ I am praying for Maura's family at this time. Maura served as my supervisor, mentor, and coach while I worked with her at GSA. The knowledge, skills, and abilities she poured into those around her was simply remarkable. I pray that her family are comforted in knowing her memory lives with everyone she encountered. She was truly one of kind and a pleasure to work with!

“ I am so sad to learn of Maura's passing. I worked with her for many years at GSA and she was a mentor to me who taught me a lot and was always a strong advocate for those who worked for her. She had a very wry sense of humor and always spoke lovingly of her family. She was a very dedicated federal worker but also recognized that family was more important than work.

“ *I just heard of the passing of Maura. I had the privilege knowing/working with Maura at GSA, Federal Supply Service. Maura was devoted to always "doing the right thing" which is the highest standard in performing public service. I knew every time we would meet there was going to be some humor and honesty in getting to the best decision!*

“ Maura was one of those people who impacted so many other lives in ways she may not have recognized. The consummate professional and unflappable communicator, Maura shared lessons that have influenced my career and will last my lifetime. As a gifted listener, she challenged my thinking, particularly on uncomfortable personal topics. She was a mentor, touchstone, and treasured friend. I doubt that I gave to her a fraction of what she gave to me. I am forever changed for having had her in my life.

“ I was so saddened to learn of Maura's passing.

I have known Maura for over 40 years, and still remember when she first started working at the General Services Administration (GSA) in Crystal City, VA, while still a college student. After she graduated from college she began her full time career at GSA, where she would continue to work until her retirement. Maura was a hard working, very intelligent person, and was well liked and respected by everyone who knew her. She will be greatly missed.

Please know that you and your family are in my thoughts and prayers during this time.

With deepest sympathy.

I am so saddened to hear this. Maura was my supervisor when she retired. I have a home project I am working on now and was just thinking about her this weekend remembering her great paint color advice when I was redoing my bathroom back then. She was a great supervisor and a wonderful person to work with. My deepest sympathies to the family.

Maura and I worked together for many years. I have such wonderful memories of times we spent traveling together. I especially regal our after-hours trekking up and down Lombard street in San Francisco with several other GSA folks all together in a Van. We laughed so hard we just couldn't get enough. There are so many great memories. Maura was smart and she really knew her stuff. I admired and respected her and am so sad to learn of her passing. Condolences to Rick, Andrew, and all of Maura's family and friends.

I worked with Maura at GSA FAS Office of Contract Management where we managed the systems roll-out of the IFF. She was one of a kind, reminding me of the grand dames of the past. She was intelligent, methodical, and had a wry sense of humor that cropped up at the most unexpected times. I will miss her and send strength and love to Rick, Andrew and other family and friends. Gone much too soon.
