“ *My entire family would love for All of Melvins family especially his Wife Susan know that the world is a better place with him having been here. We know that he loved and was devoted to his wife and family. That he truly cared for life. Just the thought that he only & always just up the street was a sense of comfort. He will truly be remembered and missed dearly.*

“ *Hey Big Melvin! You were the coolest guy walking this earth. You were more than a coach to me, my brothers, my mom. You opened your door to us and always let us know we were welcomed. My favorite memory was at a game, I was on the side line and the boys weren't doing their job on the field. I yelled out to you "Coach put me in" you turned around and saw me and smiled. The next play didn't go as well, and you turned and looked at me as if you were considering to put me in. Lol. I send my condolences to the family. May you RIP and I hope to see you again someday!*
