“ *Mike, you always encouraged me to tough everything out, you sat and spoke to me when no one wouldnt, and trained me in the ways of our old system. You were the closest to me, when no one gave me a chance, and I told you everyday how much I respected you. My heart was heavy when I heard the news, and still will be. The thing is we talked about god and our peace, goals and ambitions, you will always be someone I looked up to, and I won:t ever stop thinking about the hundreds of times you helped me.. I love you brother.....you took me in as one of you... my prayers and heart to your wonderful wife and beautiful child. miss you everyday*

“ *The last thing I recall we were having a conversation about being stationed in Bahrain and how things has changed. Lord our God, You are always faithful and quick to show mercy. Michael was suddenly taken from us. Come swiftly and comfort his family and friends by the power and protection of the cross. We ask this through your son Jesus. Amen.*

“ Mr. Michael Greenman was a soldier, a Veteran, a friend, a husband and a father to 7-month old new baby. He dearly loved his family, friends and his job at the PENTAGON Telecommunication Center. He left the military after serving a number of years and was hired by my former boss Mr. Ross at the PENTAGON Telecommunication Center.

He was hard working, well versed and a Computer WIZ in the Information Technology field. When I retired from the Military in Augusta, GA in SEPT 2003 I relocated to Arlington, VA and resided in Crystal City. I was hired by SAIC to be the MID Shift Supervisor at the Pentagon Telecommunication Center. little did I know, a special person would come into my life with a kindred spirit. With that said, I was paired up with SPC GREENMAN. He trained ME on everything over and over again until I was proficient in my job inside and out. Mr. GREENMAN was a dear friend that always had a good joke and a story to tell. I remember when we worked together in 2004 I got sick and he drove ME to the Fort Belvoir Hospital and waited for ME until I was seen by the doctor. In the waiting room I said something to make him laugh and he said, “If you keep pissing me off, I am going to leave your butt here because you know I am your only ride,” then he started laughing.

In addition, MR. GREENMAN and his WIFE were the first two people to see my NEW Townhome that I bought in Manassas, VA in 2006. I had my SUV and GREENMAN had his SUV so Mr. Greenman and his Wife on an early, early Saturday morning helped ME move small items from my apartment to my NEW home. Because of his good deed, that saved ME from three trips back and forth on I-66.

He also put together a small VANITY closet that I bought from Bed, Bath & Beyond because I was frustrated with ALL of those damn nails that come in the bag. Mr. Greenman volunteered to put my VANOTY table together for me. All in all, he NEVER asked ME for any money for helping ME because that was the type of person he was. I knew he was that way, so I would place the money in an envelope and give it to him anyway and tell him take you WIFE out to a nice restaurant and I would THANK them BOTH for helping me.

The PENTAGON Telecommunication Center is a close knit family. YES, people come and go at the PTC but there is ALWAYS a hand full of people that you will remember and think about them with a smile and a story. This time I am asking GOD why?

Finally, I Mr. Michael Greenman was more than an accident victim to I-495. He was a friend, a soldier, a Veteran, a trainer, an excellent PENTAGON Telecommunication Center IT Specialist, a husband and a father to 7-month old new baby. He left this world too soon. My heart continues to mourn. I worked at the PENTAGON for 3-1/2 years.. I cried myself to sleep again last night. Rest in Piece mydear Friend and soldier. I will NEVER forget you.
