“ *Deepest condolences to the Jacobson family. I worked with Mike shortly after exiting the Army and working as a civilian, and was always appreciative of the support he gave to those who worked for him and with him. A great loss, indeed.*

“ *Prayers and deepest condolences to the Jacobson family. In life we are sometimes blessed to work with people that set the example for all with their integrity and dedication. Mike set the example for all who worked with him and for that reason he is missed by all who knew him. His legacy lives on in all those he mentored*

*“ Our prayers and sincere condolences are with the Jacobson family. Words cannot express how deep his loss is felt. I first worked for Mike back in 1993 for a brief time, but then worked with him off and on throughout the many years. In fact, Mike hired me into my current position shortly before he retired. I loved to listen to his stories about growing up 'a poor kid from Chicago'. He was a wonderful man who influenced me greatly. He will be sorely missed.

“ I am very sorry to hear of your loss. I worked for Mike on several assignments and what I remember most about Mike is that he was a fellow colleague, someone you could always talk with about how to get the job done. Mike was a true professional and an expert in his field. He enjoyed sharing what he knew and understood how the organization worked. I will miss Mike as a colleague, mentor and friend.

“ *Such a loss My prayers are with the family. I too, like many here worked with Mike in Germany I had the privilege of maintaining that friendship over the past 30 years while we both served our government. He always had the time to chat or offer advice. He will be missed. Rest in peace my friend.*

“ *Your loss is great, but that burden is shared by those of who knew Mike. I worked for him during mid-career and tried to work with him again, unsuccessfully, towards the end of it. He always reminded me a bit of AL Franken. As a boss, Mike was a keeper.*

“ Greg H. Olson

My condolences to you and your family for your loss. I first met Mike when we served in the same unit in Germany in 1978, and later we both worked as civilians with DIA, NIMA/NGA. It was a privilege to know him and work with him. He was a great analyst, person, and was a credit to our country, agencies, and our profession. My thoughts and prayers are with you all.
