“ *I am very blessed that I got to spend time with my wonderful Pop-Pop at age 23. He taught me so much growing up, from working in his workshop to working in the yard. He loved to be involved and help me with anything I needed. He loved to watch me mow my lawn, work with my horse, and work on my Jeep. My heart is proud that my Pop-Pop thought I could do anything. I will always love and miss you Pop-Pop.*

“ *My daddy will live forever in my heart. I will always remember the heartfelt advice he gave me during a low point in my life. He enjoyed spending time with family and friends, and i know he is rejoicing with the Lord and his family in heaven. I love you Daddy and will always cherish our memories.*

“ *My grandfather helped shape me into the person I am today. I was lucky enough to spend a lot time with him and was in awe of all of the things he knew how to do. He can fix a car, build furniture, lay tile, plumbing, electrical,... He taught me how to do so much and do it right. Whenever I run into a challenge in life I think of my grandfather, figure it out and get it done. You will live on in all of the knowledge you've passed down. I will miss you so much. Mike*

“ This wonderful man I got to call my grandfather was the kindest man I have ever known. I will miss him so much but he will forever be in my heart. I have so many fond memories of spending time with my granddaddy. The fondest memory I have is the impact he had on my daughter, Amanda. He was her pop-pop and he loved her so. He taught her so many things and for this I am truly grateful! I love you granddaddy, R.I.P.
