Full Of Love Bouquet - July 06, 2018 at 12:00 AM

“ Mrs. Nancy Williams was the 5th grade teacher for 3 of my children at Rose Hill Elementary School. We felt so blessed to have this wonderful woman in our lives! She expected great things from her students, and gave so much of herself in return. She was a professional and gracious role model, yet she shared her love of life and her sense of humor with all who were lucky to know her. No "down time" was wasted in her classroom-she read to her students, taught them games, and gave them the opportunity to create wonderful keepsakes and works of art. I still have the beautiful ornaments my children made out of straws from the cafeteria and other recycled materials. Not only were they impressive projects, but the students learned so much in the making, and felt such a sense of mastery! She had that empowering effect on them! I got to know Nancy more personally while volunteering regularly in her classroom. I appreciated not only her love for children, but her love of history, travel, music, and for her cherished family! I was sad to see her retire before my 4th child had the opportunity to have her as his teacher, but was happy that she would enjoy more of her favorite things during her retirement. I would sometimes run into her at Panera, and other places in our community, and she always greeted me in her warm way! She was one classy lady with a big heart, and she will be sorely missed. She, and her family, will be in my family's thoughts and prayers!
With love and gratitude ,
Kathy Palmer & family
