“*Neal's smile is etched in my brain forever. Always enjoyed his visits with the home health team. Judi and family know you all have been and will continue to be in my prayers for your strength and comfort. We know he has been welcomed by Jesus. I wish I could attend the funeral but that is impossible. Wouldn't it be great if he meets George Washington face to face. He did so much to bring him to life for the youth of today. Love, Mary Elizabeth Castles*

“*I am blessed to say Neal was my bonus grandpa. Ever since I met him, he always reminded me that I'm always welcome to come over, and how I'm a part of the family. His kindness, hospitality, and generosity were never unnoticed. The love he had for his family, friends, church, etc was absolutely beautiful. He has left a meaningful impact on my life, and I'm so thankful I was able to get to know him and see him quite often. I will never forget the stories he's shared about different times in his life; I always thought it was outstanding that he lived his life to the fullest. The impact he had on Katie's life was also spectacular, and their bond will forever be strong. World's best grandpa.*
