“ *Johna,
My sincere condolences on your deep loss with the recent death of Paul. I believe you and I met at the time I attended GMU's ICAR program with Paul in the 1980's. What a good man. I easily remember his wit, his smile, his understanding of the inexplicable game theory curriculum as well as a certain libertarian streak. He also talked excitedly about plans to purchase land in a new subdivision; this showed he had vision...probably one of many examples
I think we all knew the same Paul, as I read the notes from those in his professional life. I will pray for him and for you as you go forward.*
