“ I was a boyhood friend of Paul in Hauppauge and still live here. I am very sorry to hear of his passing. I have fond memories of playing with him in his backyard on Townline road. His house is still there. In the winter his very nice Mom would make us hot chocolate. After he left Hauppauge for MIT I often wondered what he was doing. Very sorry for your loss. alphelps@optimum.net. Oh he would have called me Curly.

“ My friendship with Paul started over 40 years ago when he was stationed at Marine Corps Recruit Depot San Diego as a young Navy Lieutenant. I would visit the base twice a year. After completing our business, we would go to lunch and discuss the days business. This tradition continued during every duty assignment to Washington and after he left the Navy. Our conversations always included current and past politics because of our past political jobs and about our past career experiences. It's amazing how our conversations were different at each lunch. This tradition continued monthly with our last lunch on February 20, 2023 at Clyde's Lodge. I will miss our monthly lunches. May his memory be eternal. My deepest sympathy goes out to Paul's family.
