Dreams From the Heart Bouquet - August 18, 2017 at 12:00 AM

“ Paul was a great guy to work with. He had a great outlook on life and business. Was easy to get to know him and become friends. He was very proud of his wife and daughters and loved them dearly. He provided the leadership team at Kilgore his first presentation that he was going to give to the entire plant and he had a lot of information about his family and daughters in it. We explained that the plant members would not be interested in his daughters or wife's education and employment, but how he was going to make things better for them at the plant. Armed with that information he provided the presentation and talked about his family as he planned.....He truly was proud of them and he should be. Paul will be missed by all his friends, peers and family! Colonel, will see you in Heaven.
