“ *I met Phyllis through the Wildlife Rescue League. No one else cared about squirrels the way Phyllis did. She was truly their friend, and the little guys she released near her property will miss her presence and her generous feedings of nuts. A year ago I took a little squirrel that had been hit by a car to Phyllis. It had head trauma, and I was doubtful it would live. A few months later - thanks to Phyllis' loving care - we released the little squirrel, fully recovered, in the woods near her home. Throughout its rehab, Phyllis called me with regular updates about the injured squirrel I found. I am so grateful to have known Phyllis, and to have shared that experience with her.*

“ *Phyllis was a dear and special lady, one we felt honored to know and love. Although we did not spend a lot of time together over the years, the hours with her and Gene were always full of fun, memoirs, animal stories....and a good cup of tea! We feel blessed to have known Phyllis and send our deepest condolences and love to Gene and her family.*
