“ Got to know Dick in the early 70s when he was Asst Dir of Plans at the then DC Office of Civil Defense. Later he became my supervisor and dear friend. I had the privilege of getting to know the Bottorff family and they included me in many family holiday celebrations. I cannot begin to recount how much our friendship means to me. Rest in peace dear old friend!

“ *Richard, you will always be close to my heart and in my prayers. You were a blessing to know. Thanks for all the good moments we shared together as friends. My memories of those times with you and Sara at your home, at the beach and with friends will never fade. May God welcome you into a paradise you so richly deserve.*
