“ What a real person he was. He always shared a a laugh, a joke and a good time just being with him. He was my best friend, my room mate, and a brother to me. I graduated with him, worked with and we partied like there was no tomorrow. We had cars and we had vans and the girls just followed us around. Love you Rob.

“ I was one of Rob's oldest students of the emissions inspector program which spanned over 3 decades I remember a few years back we ran into each other in the grocery store and as we further talked I found out we went to the same high school Grovton I still do inspections and Rob was a big part of me being the technician that I am today and finally I also battled cancer for close to 3 years so we were not only friends but brothers I personally will miss him.

“ I will always remember Rob for the love and devotion he had for his family, his incredible sense of humor (their answering machine message that made you think he had picked up - got me every time) and the kindness and warmth he shared with all. He will be sorely missed. Sending my deepest sympathy to his family and friends.

“ I met Rob in 1990 at the dealership where I worked. Little did I know that in just a few months I would end up working with Rob for the next 26 years. I learned a lot from Rob. He was always in a good mood and had a joke to tell. I feel extremely lucky to have worked with him for so many years. He will always be remembered as he kept us laughing. Things will be lively in Heaven now. Prayers for Rob and his family.

“ *I feel very fortunate to have known Rob through our working for DEQ. Though we worked in different programs, he always had a smile if he passed you in the hall and a hello, and he could always make me laugh with whatever silly or irreverent thing he thought of. He has been missed greatly since he retired and will be missed even more now. Prayers for peace and comfort for his family, and to Rob, may you rest in paradise.*

“ *Rob was never my compliance officer but I looked forward every 3 years for his class at NOVA for my recertification of my emissions license. He had a great personality and a sense of humor. I don't ever remember him being mad or in a down mood. I hope that God will comfort his family and that Rob is with God now. George Hansen*

“ I am truly blessed to have known Rob Cash. He was one of a kind-funny, irreverent, a jokester, but also someone you could confide in, and you could always talk to him about anything. He saw the humor in almost everything, and never took himself too seriously. He considered everyone a friend.

There are a few people you meet in this world that stand out for one reason or another, and Rob was one of them. I miss him greatly, but I'll never forget him and all the great times I had with Rob and with all my friends from DEQ.

May Christine, Riley, Cameron and all of Rob's family and friends take comfort in the knowledge that he is finally at rest and at peace. His spirit lives on.

“ The news of Rob's passing has broken my heart. I have so many fond memories working and spending time with Rob and his family. Rob was a man of integrity, humor, kindness, and most of all dedication to his work, friends and family. Those early days of DAPC, Mobile Source Operations in the Lorton office are forever etched into my memory; those were some wonderful times. We worked together in very close quarters and really got to know each other well; we became an extended work family. My thoughts and prayers are with Rob's wife, children and grandchild. Rob fought the good fight and now, no more suffering; Rest in Peace.

“ My condolences to the Cash family. He is and will be missed at DEQ. He was a pioneering member of Mobile Source program helping establish the model program at DEQ (and NRO monthly state vehicle maintenance checks). He was a hard worker but combined it with good cheer and humor to make work fun. I am grateful to have worked with him and for his friendship. May he rest in peace knowing how much he was loved.
