“ *Dear Iris,
I am so sad to find out that Mr Shamiskin has passed away....That is who he was to me always, "Mr Shamaskin" .In later years it went to "Bob and Iris" , but it never was the same. Mr. Shamaskin with that gorgeous hat and for so many years a faithful friend sending Christmas cards. Such a reward for my work at the laboratory. When I moved the cards stopped, but not my interest and through the years I have checked on your well being, seeing your move from Fairfax Station to Arlington.
I am sorry for your loss and pain , you have had your husband for so long and life without him is unimaginable, the pain no one understands, it is a very lonely experience.
All I can do is think of you, wish you strength , courage, also happiness thinking of the long life you shared together. That is still there and not lost.
Courage and love,
Maggie van der Veur*
