“ *For the family of Roberta Letkiewicz I wish to extend my most heartfelt and deepest of sympathies . To lose a beloved and cherished mother...grandmother...spouse...relative...friend...is to lose a most irreplaceable someone special. I had not yet had the pleasure of meeting Mrs. Letkiewicz. Having the joy and delight of receiving her daughter Jessica into my family as a daughter-in-law recently brought me unmeasurable happiness. I had hopes of course that we mothers would meet. We will eventually but in a different realm. May God Almighty bring peace and comfort to her dear ones.*
