“ To my teddy bear!! I am so lost for words. I remember all the good times we have had growing up, graduating, falling in love, having our children and just chilling and having a good time. I am glad we got to share these moments together. You are considered my little brother instead of a cousin. You enjoy all the good times that are coming your way. You will definitely never be forgotten. This is not a goodbye and will look up everyday to see you above.

“ We have so many memories over the last 30 years. I do not know which one to share. What I will share is, you were my brother from another. I am going to miss you terribly. We had fun with everything we did, going to the racetrack, going to the beach or even just going to the gun store. I Love you, you can rest now brother.
