“ *I am and will remain truly grateful that you were my brother, my "protector," and my friend. I will always remember our loving moments and times, and will continue to be exceptionally proud to say you were my brother. I know you are in a better place; that your suffering has ended. You fought an extraordinary fight to live for your family. My sense of you is that you will go on fighting in the next life to make sure we are all safe....I know I will feel you on my shoulder. I will always love you and cherish our memories. Your sister, Nancy*

“ *Elaine, as you were there for him as he served his military service; he was there for you as you served your civilian service. He has just "gone before you" as we are accustomed to in military families. He was a "gentle" giant. Know that your friends and co-workers will be there for you. My heartfelt condolences to you and your family.*

“ With Deep Sympathy...this thought and prayer that God will keep you always in his care. Wishing I could be there to hold your hand. Please know how much you are loved and how deeply your loss is felt. It will be the little things that you will remember the quiet moments, the smiles, the laughter. And although it may seem hard right now, it will be the memories of these little things that help push away the pain and bring the smiles back again. Lorraine Rega (Aiken, SC)
