“ I'm so saddened and shocked to just now learn of Seret's passing. Seret is a former mentor and supervisor of mine, and her professionalism and vibrant personality had such a positive impact on my life in the short time we worked together. She was incredibly funny and SO full of energy. My thoughts are with her family and close friends, who I know share my admiration for her joyous spirit.

“ Seret, you will be always in my memory with your most beautiful smiles for which you impressed me just after the 2020 New Year Holiday when you walked in my office on Jan 3rd. You shared with me you got 80% better of your illness and you looked so happy and bright just like a little girl or butterfly which was going to fly in an illness-free garden and regain your quality life in this new year. You asked me to order another package of herbs for you in order to get your 100% healed from your illness. Beyond my surprise and happiness, I told her this was the best news and gift for me in the beginning of 2020 as being your Chinese medicine doctor. How could I realize this was the last time I can talk to you and see your sweet and tender smile? I truly believe you are a blessing to those who knew you by your gentle and serene personality. I have no doubt you have been an angel in God's garden now and continue blessing and praying for your family and us from the sky. -----M.C.
